**POLICY & PLANNING**

**A. Commissioner Handbook Update**

Superintendent of Business & HR Hermonson handed out a draft of the updated Commissioners' Handbook which she said she will answer any questions or comments at the next Board meeting and also tentatively approve it at that meeting.

**B. Marquette Woods Report**

Superintendent of Business & HR Hermonson handed a memorandum out to the Commissioners regarding Marquette Woods. She talked a little bit about the background

of Marquette Woods, options to consider and recommendations regarding what to do with this area.

Commissioner Janiec stated that this area has looked like this for at least 10 years and he feels like we are neglecting too many of our parks. He definitely thinks we need to maintain this park and we should look at the capital improvement plan to see where we could get the funds to do it.

Commissioner Yawer asked the cost of letting it go back to being a natural area and Superintendent of Business & HR Hermonson said it would depend on if we left it like it is or do other things there.

Commissioner Janiec stated that when he worked at the Park District he would take the van and go to every Streamwood park and report if there were any damages or anything needed to be fixed but since he has been gone they never replaced him with anyone.

Commissioner Yawer asked if we had one individual for each park and Superintendent of Business & HR Hermonson responded that we do not have one person per park.

Commissioner Armstrong feels we should try and clean up the area to the shelter and the picnic table.

Commissioner Brogan wanted to table this discussion as he feels we should either send them a questionnaire or go the residents who live in that area and see what they want. He also stated that he agrees with Commissioner Janiec that if we are going to do something we need to do it right.

Commissioner Yawer thought we should ask the residents to come to one of our Board meetings so they could tell us what they would like to see there.

Commissioner Janiec also thought that maybe we could apply for a grant, level the land and put a small playground there since now there seems to be some children in the neighborhood. Superintendent of Business & HR Hermonson replied that it is difficult for us to receive grant money as we have a lot of playgrounds already and it would be better if we had a variety of parks.

President Wright thought we should just make this area just a park with flowers, birds, butterflies, etc.

Commissioner Janiec offered to go and talk to the Marquette Woods residents so they can voice their opinions on what they would like there.
